Ipro 2

FUNGICIDE

Ipro 2's water-based formula ensures safe, long-lasting disease control with dual-action protection. Unlike oil-based formulations, Ipro 2 offers superior tank mix compatibility, reduced phytotoxicity risk, and improved turf performance.

Features & Benefits

- **Innovative Water-Based Formulation** – Unlike oil-based alternatives, Ipro 2 provides better turf protection, improved tank mix compatibility, and a lower risk of phytotoxicity.
- **Fast and Reliable Disease Control** – Delivers rapid, effective control of brown patch, dollar spot, leaf spot, summer stress complex for healthier turf.
- **Dual-Action Protection** – Features both contact and systemic control with 14+ days of dependable residual for long-lasting defense.
- **Designed for Golf & Sports Turf** – Ensures peak performance on fairways, greens, and athletic fields with superior disease management.
- **Broad-Spectrum Disease Control** – Targets Anthracnose, Dollar Spot, Brown Patch, Leaf Spot, and Summer Stress Complex to maintain top-tier turf quality.
- **Seamless Tank Mix Compatibility** – Easily integrates with TM 4.5F, Strobe 2L/50WG, and Fosetyl-Al for comprehensive protection.
- **Strategic Rotational Chemistry** – FRAC Group 2 fungicide, ideal for resistance management and long-term disease prevention.
- **Year-Round Disease Control** – A trusted choice for season-long protection against the toughest turf diseases.
