

# STROBE® PRO

## BROAD SPECTRUM FUNGICIDE

Strobe® Pro is a combination of two broad spectrum, preventative and curative fungicides with systemic properties for the control of many important turfgrass diseases.

### Features & Benefits

- May be applied as a foliar spray in alternating spray programs or in tank mixes with other registered, turf protection products.
- Compatible with many commonly used fungicides, liquid fertilizers, herbicides, insecticides and biological control products.

### Use Sites

Golf courses, lawns and landscape areas around residential, institutional, public, commercial and industrial buildings, parks, recreational areas and athletic fields

### Effective Against

Foliar, stem and root diseases such as leaf and stem blights, leaf spots, patch diseases, anthracnose, fairy rings, mildews, molds and rusts of turfgrass

### Active Ingredients

6.0% Azoxystrobin  
10.0% Propiconazole

### Mode of Action

Azoxystrobin is a Group 11 fungicide. This family of actives interferes with the normal respiration of the fungus. Respiration is when the cell burns energy to do normal functions.

Propiconazole is a Group 3 fungicide. This family are known as DMI's and prevent the cell membrane from forming.

### Packaging

2 x 2.5 gallon jugs/case  
(36 cases/pallet)

Always read and follow product label directions.
